RE: NEW DOUBLE RAM WATER PUMP

Accucraft Ride-On Double Ram Water Pump is now available for delivery. This pump is used in 2 1/2" scale coal fired Accucraft Forney. It can also be used as a water feed system in any live steam tender. Each pump is machined and assembled by hand to ensure the highest quality. Following features are included:

- Low profile
- Screen filter
- Brass pipe fittings
- Brass handle included
- Fully assembled
